difference.

COMPANY PROFILE

Junee Gold is one of Australia's leading processors of premium quality Lamb.

Family owned and operated since 1997, Junee Gold is situated in the beautiful Riverina District of NSW. We are vertically integrated across the supply chain - with 4,500ha across two farms, a trucking fleet, and a modern processing plant.

This 'farm direct' approach ensures we deliver exceptionally tender and flavoursome lamb products to our customers all year around.

With an unwavering commitment to excellence, service and value for money, Junee Gold is the number one choice for Australian premium quality lamb.

Oyster Cut - Shank On - Shoulder

Square Cut - Shoulder

MISSION AND VISION

Our mission:

To produce and supply consistently high quality lamb products for our customers

Our vision:

To be Australia's leading producer of premium lamb.

Certifications:

Export Registration: 90

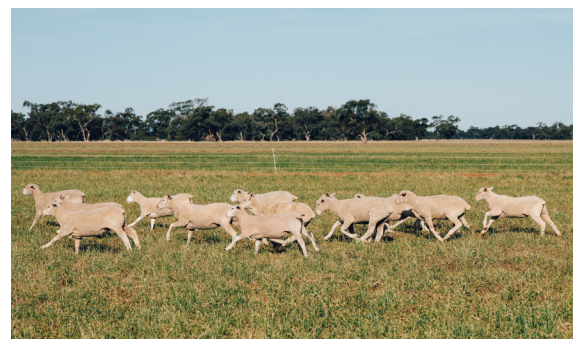

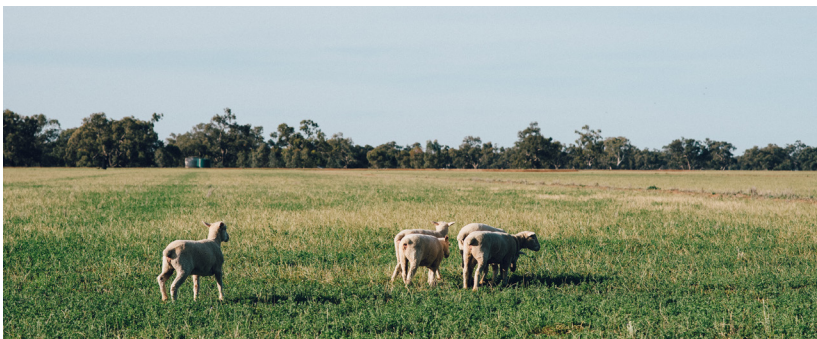

Halal Accreditation certification: 00041701JA01C

AUS-MEAT Ltd. certified - Processing & Animal Welfare

Sustainability is at the core of what we do -

Solar panels and biogas conversion infrastructure means renewable energy reduces our environmental impact at the plant.

Effluent runoff is treated & piped 5km underground directly to Myrtle Vale farm, where that waste water irrigates paddocks through a pivot.
